DETAILED ACTION

Claim Rejections - 35 USC § 102

1. The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

2. Claims 1-14 are rejected under 35 U.S.C. 102(b) as being anticipated by Yonezawa (6095509).

a. Yonezawa (6095509) discloses a positioning apparatus as recited in the claimed inventions in claims 1-14. Yonezawa (6095509) discloses plug member (12b), slide portions (12a which are inclined), drive means (17) with a slit (fig.5 see are near element 55), and annular press member (14x).

Response to Arguments

3. **Applicant's arguments filed 10/8/08 been fully considered but they are not persuasive.**
4. **Applicant's arguments with respect to claims have been considered but are moot in view of the new ground(s) of rejection.**
5. **Applicant have amended the claims.**

b. The prior art discloses these amended changes. A second radial direction could just be the back and forth directions so it is not clear what the limitation means. The present rejection discloses a plurality of slide portions that move in the first and second radial positions with an annular press member. The prior art

rejections stand. This prior art was found after the telephone interview so allowable subject matter has been withdrawn as indicated in the interview.

Conclusion

1. Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the date of this final action.
